Linutop announces Linutop Operating System 5.0 for PC, fast and designed to minimised maintenance costs!

New, small and secured Operating System, Linutop OS 5.0 allows to reduce PC maintenance cost, to set up quickly an Internet Kiosk, a Digital Signage point or recycle an old PC.

Paris, France – May 28th, 2013 – Linutop, specialized in energy-efficient IT solutions launches today its new Operating System (Linutop OS version 5.0) **compatible with all PCs**.

New Linutop OS 5.0 is based on the last version of Ubuntu 12.04 with XFCE graphic environment, lighter and more classic. It is delivered with ready-to-use Linux software, including Firefox 20, OpenOffice 3.5, and VLC 2 Media player.

LINUTOP OS 5.0 system allows a quick and simple configuration for:
- Secured public internet access (for waiting rooms, Hotels lobby, Offices.)
- Digital Signage (for Shops, Advertising, screen display.)
- Restore an old PC (replacing a system too slow.)

Linutop OS 5.0 is compatible with PC using VIA, AMD, Intel like **Intel NUC,** on flash memory, hard drive and even USB key offering the maximum flexibility.

The new Linutop OS 5.0 strengths:
Small: With 700 Mo (*500 Mo in light version*), Linutop OS 5.0 is energy efficient and doesn't need a powerful processor.

PC recycling: Linutop OS can be installed in less than three minutes, running a user friendly classical desktop for a fast user adoption.

Internet Kiosk – Allows professionals (internet cafes, hotels...) to configure a secured Internet access point in few clicks: with toolbar or not, to block certain websites or to lock on designated websites.

Digital Signage – Allows professionals to configure Linutop Kiosk for playlist, timming for images (JPEG, PNG...), URLs, music and video files, compatible with Linutop.tv broadcast system.

Reduce Maintenance cost: With Linutop lock the system can be locked in read only mode, preventing alterations by viruses or other mishaps. Its ability to recover its initial state at start-up minimizes maintenance costs. The system can be backed up on an USB key and duplicated.
