

Linutop 2

Linutop is a fanless mini PC

Benefits

Pre-installed software solutions: Linutop is delivered with ready-to-use software including Linutop's kiosk software, Firefox, Open Office, and VLC Media player. It can also be easily customized with additional software.

Low maintenance: The Linutop operating system is stored on an internal flash memory and cannot be altered by a virus or mishap. The initial state can be recovered at each restart.

Low deployment costs: Linutop's configuration can be backed up and duplicated on a USB key, enabling mass deployment with minimal effort.

Energy efficient: With no moving parts, Linutop offers a completely silent energy-efficient operation (8W) in an extremely small package (580gr).

Linutop placed on the back of a flat panel, with the monitor mounting bracket accessory

Solutions for:

Digital Signage

Linutop offers reliability to display digital content non-stop.

Linutop Kiosk display software offers low cost and easy-to-setup digital signage solution.

Small, fanless, and silent, Linutop is ideal for light web signage and narrowcasting.

Ideal for: shops, bars, advertising, point-of-sale displays, vending machines, kiosks, museums, public transport, and city halls.

Kiosks

Linutop provides simple and ready-to-use public light internet access. Linutop Internet Kiosk can be set as the starting application, with pre-defined parameters such as a whitelist or a blacklist.

The kiosk settings can be locked with a password so that the initial state is always recovered at each restart, minimizing maintenance.

Ideal for: waiting room, hotel lobby, office, hospitals, school, and library.

Customizable Uses

Linutop can be easily customized for dedicated uses, such as network monitoring, silent media player, thin client use, mini file or web server.

Linutop software is stored on an internal flash memory and cannot be altered by a virus or mishap. Its USB key back-up feature minimizes development effort. Based on Ubuntu Linux, it can be easily customized with additional software.

It is fully compatible with online applications and all office standard formats.

Ideal for: Library, school, shared office, business center, small office, and factory.

Hardware

Linutop 2

Processor: AMD Geode LX800 (x86) 500Mhz
Memory RAM: 512 MB up to 1GB
Memory Flash: 1 GB internal
 4x USB 2.0 ports
Audio: 1 in & 2 out 3mm + speaker
Internal clock backup
Network: 10/100baseT Ethernet (RJ-45)
PXE Boot: thin client use
Video: VGA output (SUB-D15)
Video resolution: 1920x1440 max
Power: DC in 12V - 3,3A (<8W)
Power on button:
Weight: 580 gr (20 oz)
 Strong case with security slot
Size: 14 x 14 x 3.5 cm (5.5 x 5.5 x 1.38 in)
 Operating temperature 10°-40°C
 Operating humidity 10%-90%
 AC adapter 110 - 240V~ 50/60Hz
Warranty: 1 year (extensible to 3Years)

Front

Back

Options :

- VESA monitor mounting bracket
- AC ADAPTER
- Hard Drive Kit 2.5" IDE

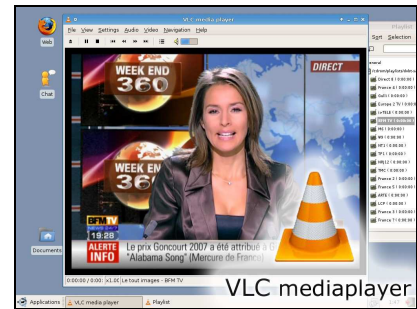

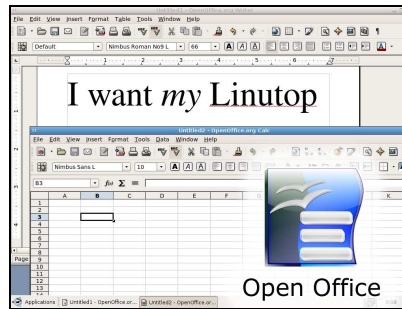

Internal Memory:

1GB internal flash memory contains the Operating System and pre-installed software, which are together 600MB. It can be easily backed up or updated with a USB Key. 400 MB is available for add-on software or data.
 This memory can be locked, in order to make Linutop resistant to viruses or mishap.
