Linutop

Linutop OS is now available for Raspberry Pi 4.
Bringing affordable plug and play digital signage solution to enterprise

Paris, France – March 4th , 2020 – Linutop, specialized in energy-efficient IT solutions, today announced the new version of its Operating System for Raspberry Pi 4. Linutop OS can convert any Raspberry Pi into a secure kiosk or a digital signage system.

- Benefits:
- Ready to use & Quick to configure with the classic XFCE interface
- Hardware acceleration for Video up to UHD 4K
- Security and privacy
- Boot Time < 30 seconds

- New Digital Signage software – The Linutop Kiosk software can be configured to display full screen: images, Web Page, music, UHD 4K video files and even PDF, compatible with Linutop.tv Digital signage system.

- A New Kiosk – Designed to configure a secured Internet access point in few clicks: with toolbar or not, to block certain websites or to lock on designated websites.

- Power saving – Raspberry Pi has a very low power consumption and Linutop Kiosk software allows to program a screen power down.

- The Market – School, shop, restaurant, office, business center, corporation, factory, hotel…

Compatibility: Raspberry Pi: Zero, A, A+, B, B+, 2, 3 and 4.

Availability: Free demo version: www.linutop.com/software/download.en.html
